

Radio-controlled data transmission: MarCal 16 EWRI + i-Stick

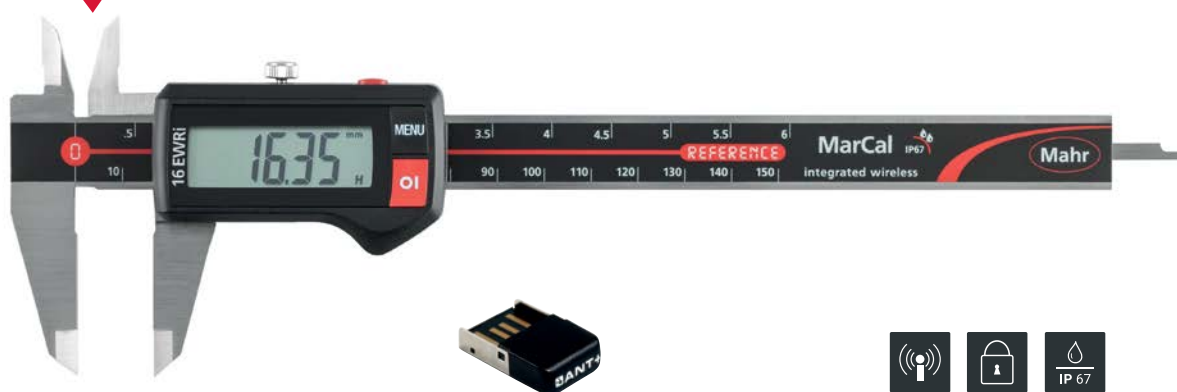

Combine the digital caliper MarCal 16 EWRI with the receiver i-Stick for Integrated Wireless! This gives you maximum freedom of movement to easily transmit your measurement results to a Windows PC, laptop or tablet – especially for measurements on workpieces that are difficult to access. Additionally, with the MarCal 16 EWRI you will benefit from simple and convenient operation that goes along with Mahr's proven high-standard accuracy.

Top features:

- Wireless data transmission through Integrated Wireless
- Large, high-contrast numerical display for reliable reading
- Precisely lapped guideways for even sliding of the slider, thus optimum sensitivity when measuring
- Made of stainless steel, hardened slide and beam
- Software MarCom Professional for free download: www.mahr.com/marcom
