TENTO PROJEKT JE SPOLUFINANCOVÁN
EVROPSKÝM FONDEM PRO REGIONÁLNÍ ROZVOJ
A MINISTERSTVEM PRŮMYSLU A OBCHODU ČR

BORING TOOLS

- drills (for boring metals, wood, glass, concrete, drill sets and carbide tipped drills for boring metals)
- centre drills
- reamer drills and reamers (for machine and manual operation, as well as adjustable ones)
- pats for sinking operation
- stoppers and knot borers
- chisel parts and pin borers

LENGTH, DIAMETRE, SHAPE AND POSITION MEASURING

- vernier calipers, dept gauges and height gauges
- micrometers and mirometer gauge
- steel rules mm graduation, calipers and dividers
- dial indicators and dial gauge stand
- drawing tool and help gauges
- plug and snap gauges
- surface plate, V - blocks and levels

HAND TOOLS

- nut wrenches and sets of socket heads
- pliers, pipe wrenches, hammers and mallets
- cotouns, centre punches, scrapers
- screwdrivers
- rasps, raspers, chisels, scratcher
- ladders, ramps

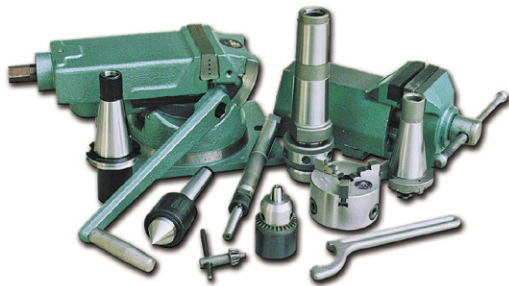

THREAD TOOLS

- taps (machine, manual and sets of taps)
- circular screwing dies (for machine and manual operation)
- threading rollers
- reversable thread cutting heads
- thread - rolling heads
- thread chasing attachments

WORKHOLDING

- reducing bushings and sleeves
- chucks (concentric and drill chucks)
- dead and live centres
- adjustable tap wrenches
- milling arbours
- clamping bushes, quick clamping heads and inserts
- machine and parallel bench vices

LUBRICATING DEVICES

- liver grease guns
- lubricating nipples and plugs
- flexible extensions for grease guns
- couplers lubricating sets
- splash oilers
- hydraulic and pneumatic pumps

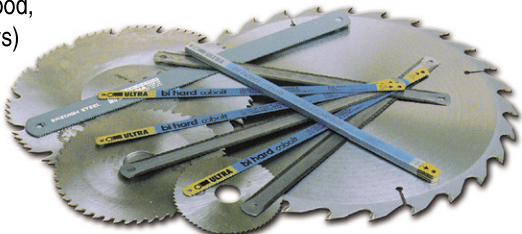

MILLING TOOLS

- milling cutters (mills, side and face milling cutters)
- hobs
- disc roller chain sprocket cutters
- milling heads
- rotary burs
- solid carbide cutting tools

SAWS AND BLADES

- circular saws (for separating metals, wood, plastics and carbide tipped circular saws)
- saw blades (for separating metal and wood)
- saw bands (for separating metal and wood)

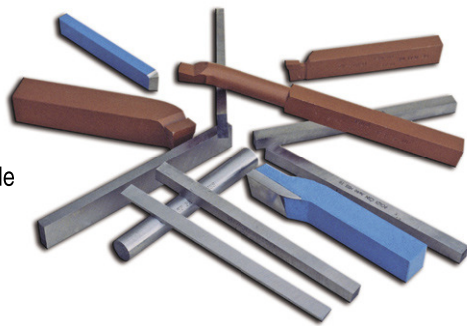

WELDING EQUIPMENT

- regulators
- welding and brazing sets
- cutting attachments and torches
- nozzles
- accessories (hoses, connectors, distributors, adapters, nuts, etc.)
- accessories for welding
- welding rods and electrodes

TURNING TOOLS

- carbide tipped turning tools
- turning tool made by high-sintered systems
- semifinished turning tools parts
- tools for thread manufacture
- substitute cutting tips made of sintered carbide
- knurling tool holders and knurls

BORING TOOL ACCESSORIES

- boring heads (concentric and adaptable ones)
- boring bars
- boring semi-finished product
- boring cutters carbide tipped
- cutter units and cutters

ELECTRIC AND PENUMATIC HAND TOOL

- NAREX, PROTOOL, HITACHI, MAKITA, BOSCH, DEPRAG
- drilling and cutting implements
 - grinding machines for direct and angle grinding jobs
 - chain saws
 - rectilineat saws and circular saws
 - oscillation tool and abrasive band grinding machines
 - planes, tighteners

INDEXABLE INSERT TOOLS

- milling tools (shank - type, disk)
- toolholders (fixed, adjustable)
- indexable cutting insert (for turning, milling or special purposes)
- spare parts

GRINDING TOOLS

- grinding wheels, stones, particles
- grinding disks and cutting discs (for metal and stone machining)
- abrasive papers and abrasive cloths
- abrasive grain
- wheel dressers

MACHINE TOOLS

- lathes
- grinding machines
- shears
- milling machines
- drilling machines
- bending machines
- hydraulic presses
- planers, mortisers, lathes
